Profile

An enthusiastic and creative developer with a multitude of coding and leadership experience. I am now seeking to contribute my discipline and communication skills.

Education

University of Colorado - Boulder, CO — B.S. in Computer Science, 2018

Experience

Software Engineering Intern, Visa Inc.; Denver, CO — Summer 2017

As a member of Visa's Network Processing team, I deployed production code to the company's worldwide payment processing infrastructure.

Director, HackCU; Boulder, CO — 2016 - present

As Director of the Rocky Mountain region's largest hackathon, I coordinate logistics and manage team members to host hundreds of students for 24 hours each year.

Freelance Web Development — 2013 - present

I took nine months off from college, during which I taught myself front-end and back-end web development. I have taken on many different web projects since.

Lead Web Designer, ASSETT, CU Boulder; Boulder, CO — 2015 - 2016

I utilized a wide array of web development techniques to create and manage critical university websites. I also performed training of new employees.

Coding

Python, C++, Java, Scala, JavaScript, HTML, CSS, MySQL

I make a concerted effort to understand the central principles of programming and use them to excel at several languages. This also allows me to adapt quickly to new languages and environments.

Skills

As a partially self-taught programmer, I have an adaptable skill set, including web development, programming, graphic design, and conversational Spanish. I have the ability to self-teach and procure important information with minimal supervision.

Personal Interests

I am passionate about the outdoors, especially skiing and mountaineering. I play the guitar and enjoy traveling to new places, most recently Japan.
